

Newsletter 4 – October 2009

Specialists in Claims

We are now half a year on the way since our start on 1st March 2009. We have seen great support from the market which exceeded our expectation. In just half a year time we have processed over 200 enquiries and have attached numerous clients, amongst whom are well known and major operators and commodity traders.

The confidence the market is showing, is on one side fuelled by our sound financial backing but more important is that we make a difference with our expert crew. Both on underwriting and claims we deliver quick turnover in tailor made underwriting concepts and pro active and hands-on claims service.

Expanding our Claims team

In view of our rapid growth we are expanding our claims team, with yet again a very experienced senior claims executive, Gerald Buist. Gerald is a well known character in our industry with over 10 years experience as senior claims executive in Charterers Liability and P&I. He started his career as Chief Mate on various ships and is known for his knowledge and no nonsense and pragmatic approach of claims.

He will join our team per 1st November 2009.

Far East

To bridge the time difference we have concluded an agreement with Crossroads with offices in Bangkok and Singapore to service our Far Eastern clients. They can be contacted directly on claims issues and legal advice and they are authorized to act on our behalf. Crossroads is an office with qualified lawyers with long standing legal experience in the marine industry. Apart from their legal expertise they have access to a team of technical experts and surveyors.
